Kevin,

Listed below is the comment from Squaresoft in regards to our selection of actors for Bouncer. I think we should suggest using Jonathon for announcer instead of using Mike Gregory again.

Regards,
Yutaka Maseba

Thank you for the voice cast list.
Last night, I had an opportunity to speak directly to Tokita-san, the director of Bouncer for his input on the selected cast.
Here's a summary of his thoughts:

The cast for the main characters are fine.
The voice of PD-4 will be played by the Leann Caldwell (Wendee Lee). Because the voice will be later altered with effects, Leann's voice should not be a problem. ✓
Commentator will be played by Motoko Kusanagi's voice. ✓
In-game announcer will be played by Volt, unless ZRO strongly suggests filling the part with another voice talent. (The actual voice should be a god-like voice, not a sports announcer type.)
Because all other roles are very minor, those roles will be filled by one of the main cast members.

For the minor roles that are not filled as of yet, I will try to have a complete selection list ready for you by Monday.
